

International Conference on Laser Applications in Life Sciences (LALS) 2018 the 15th conference in Israel 18-20 November 2018 Bar Ilan University

LALS 2018 to be held in Israel will aim to provide a unique gathering forum in which scientists from different disciplines of life sciences such as biomedical optics and imaging, laser spectroscopy, laser therapy and bio-photonic sensing can get together in order to establish a platform of collaboration, to exchange ideas as well as to learn about the challenges involved in laser applications in life sciences. The meeting will involve a fruitful scientific program for formal and informal interactions between the participants, as well as industrial exhibition and a touring program in Israel.
